Optimism Grows About Foothill Fair

Officials Say Project Will Keep June 10 Schedule

Through the accelerated activities of the committee for the Foothill Community Fair, spurred by chairman Dr. Daniel D'Arcy, officials express little doubt but what the project will find a location in time to keep its June 10 to 14 dates.

This optimism is based not only upon the variety of possibilities that exist for locating the Fair, but stems also from the fact that the clean carnival-type promotion has been given an okay by William McFarland, superintendent of nearby Arcadia Park.

The inter-community project is scheduled to promote funds for organizations and individuals as well as the proposed new swimming pool for Sierra Madre, but since the City of Pasadena refused to allow it to locate at the previously supposed site near Foothill and Michillinda, Chairman D'Arcy has given full time to the effort of trying to cinch a new site.

D'Arcy and others who have rallied to the emergency believe the project will not fail.

At present, the Fair Committee is applying to the Arcadia City Council to secure its approval in conjunction with Park Supt. McFarland's permission.

Citizens of Sierra Madre and surrounding communities, in the meantime, continue to direct their questions, and offers of help, to the Pan American Amusement Corp., contractors for the Fair as represented by Cal Lyon at his City Hall office.

Around the Square

There are times, no doubt, when all of us could share the wish expressed by a five-year-old, who, addressing her six-year-old brother, said acidly: "I wish you were a record, so I could turn you on and OFF!"

* * *

We thought we had a bit of news for Mr. and Mrs. Merwyn A. Fair, 1066 Hastings Ranch Dr., when we told them that 1066 is the English date of the Battle of Hastings, but it turned out to be "old hat" to them. They say that solicitors and salesmen at their door informed them of that fact a long time ago.

Considering that somebody else had to tell us the meaning of 1066 before we knew it, the whole thing made us feel mighty uneducated!

Ex-school chum, Mark Engleman, is a food contractor whose business takes him anywhere from Iceland to Tahiti. Came out here for a three-month vacation (that's right, we said three months), and has just made reservations at Lido Isle to rest up from a four-week visit all over Mexico.

How can anybody be friends with a guy like that? Answer: It ain't easy!

* * *

A wide-eyed little 5-year-old gal, helping her father unload their mail cubicle which he had just unlocked in the post office, peeked into the small compartment — then jumped back in panic when she saw the face of a clerk who was still feeding the mail.

"Oh, my goodness!' she cried, "There's a MAN in our mailbox!"

The one about Rasmussen Appliance, 43 N. Baldwin, is one that we, especially, can love.

Why? Because in journalism the spelling of a name can involve a lot more than the casual observer might appreciate. In fact, a man named Smith may regard us with suspicion if we ask how he spells it—until he realizes that there really are a great many Smyths and Smythes and Smaeths and Smithes and etceteras in this world who do not follow his pattern.

But what about the new "Ramussen" sign recently installed? John Rasmussen, directly or indirectly, paid an outfit in Kokomo, Ind., to construct a bright new sign bearing his name. Then, a full week after it was installed here, even Rasmussen didn't know it was spelled "Ramussen," until a customer walked in and broke the news.

Corrections were finally made —but as Byron Hopper—neighboring jeweler and sympathizer —said, it might have cost less money to have Rasmussen's name legally changed than change the sign.

You find fault with newspapers?

Congratulations to Sierra Madre Explorer Post 31 for its eye-catching U. S. Defense Bonds display in the Bank of Sierra Madre. Wonder if Herman Ohs, scoutmaster of the older scouts, had something to do with it? Could be!

Tournament of Roses Films To Show Here

William A. Marquard Sr. of the Tournament of Roses, and members of his committee, will be in Sierra Madre Wednesday evening, June 3, to present a trophy to the City of Sierra Madre and to show a motion picture in color with a running narrative, including a description of Sierra Madre's participation in the world renown Tournament of Roses parade.

Everyone is invited to attend the occasion, beginning at 8 p.m. at City Hall. Admission is free.

NO FRIDAY HOLIDAY

Classes at City School will be "open for business as usual" Friday, even though the school's Annual Spring Program is scheduled for the preceding day.

Coordinating Installation Dinner Tues.

The Sierra Madre Coordinating Council will meet for its installation dinner Tuesday evening at the Woman's Clubhouse, beginning at 7 o'clock.

The new officers to be installed are Walt Goodwin, president; Mrs. Alyce Herrold, corresponding secretary; Mrs. Pamela Campion, recording secretary, and Mrs. Edith Dane, treasurer.

The featured speaker will be George Hjelte, of the Parke and Recreation Department for the City of Los Angeles.

The event, sponsored by the Kiwanis and Lions clubs, will include musical presentation, according to Knox Hagar, Kiwanis president, who is in charge of the program.

Theft Reported By La Lone's Cleaners

Mr. and Mrs. Julian La Lone have reported a theft of $31.45 at their cleaning establishment, 82 W. Sierra Madre Blvd.

Time of the theft was placed as being "between 6:40 p.m. of May 23 and 8:44 a.m. of May 24."

The investigating officer of the Sierra Madre police, Bob Heasley, reported that a forcible entry had been made at the rear door of the building, either by crowbar or chisel.

Together After 21 Years, Sisters Plan Parents' Anniversary

Guests in the home of Mr. and Mrs. Paul Burton, 31 E. Alegria, are Mrs. Burton's brother-in-law and sister, Dr. and Mrs. Thomas Perry, and their three children, George, Edward and Inez, of Osorno, Chile.

Mrs. Burton and her sister had not seen each other for 21 years until the Perrys arrived two weeks ago for their extended visit. They expect to remain until after the first of the year in order that they might see the Rose Parade. Dr. Perry, a dentist, has taken a year's leave of absence from his practice in the South American city.

One of the chief reasons for the Perrys being here at this time is the coming celebration May 30 of Mrs. Perry's and Mrs. Burton's parents' 50th wedding anniversary.

The parents are Rev. and Mrs. Jesse S. Smith of Duarte. They are residents of Westminster Gardens, a Presbyterian home for retired foreign missionaries.

An open house in their honor will be held in the Burton home on Memorial Day.

THE LAST MEETING of this season by the Sierra Madre Parent-Teachers Association at City School, the evening of May 21, included the installation of new officers and a concert performance by the school band under the baton of Mrs. Matilda Smith, school music director. With Presidents Mr. and Mrs. Tom Willis retiring after a successful year, Mr. and Mrs. Arthur Bohart have taken over as the new co-presidents. Florence Nielsen Takes Lead In 'Community Fair' Contest

Mrs. Florence Nielsen, candidate of the Sierra Madre City School, today leads in the contest for Queen of the Foothill Community Fair, with three weeks remaining before selection of the final winner.

Leaders at the two previous checks-ins have dropped into second and fourth places.

Mrs. Nielsen, secretary of the local grammar school, has amassed 7010 points. Other standings are: Nancy Carney, sponsored by the East Pasadena Lions Club and last week's leader, 6520; Mrs. Leila Embree, representing the combined VFW post and Civic Club, 5520; Lila Blumer, Field District P-TA, and first week's leader, 5410; Gretchen Conzelman, Kiwanis, 4990; Connie Nicholson, Aerojet Toastmasters Club, 4010; Marilyn Iffrig, Sierra Madre Lions, 3190; and Anne Petnick, Jewish Community Center, 1650.

Standing of the candidates is determined by the success of herself and sponsoring organization in selling tickets of admission to the fair, each ticket representing a chance for the purchaser to win a $500 air tour to Honolulu.

The successful queen will also be entitled to a week's vacation at the Apple Valley Inn, and other bonuses.

Susan Yarnell Leads In 'Breakfast' Sale

In the "Junior Queen Contest," sponsored locally for the sale of tickets to the "Community Breakfast" to be held at City Park June 13 from 7 a.m. to 12 noon, Susan Yarnell is leading with the sale of 43 tickets.

Also reporting in the "Community Breakfast" ticket sale, proceeds of which go to the Swimming Pool Fund, are Tessa Lou Johnson, with 31 tickets sold at last reports; Susan Wilson, 12 tickets; and Sally Myers, 10 tickets.

The seventh girl to join the ticket-selling group is Mary Ann Morse, who became a contestant after the race already was begun, according to Francis Eakman, Community Breakfast chairman.

Telephone Co. Offers Time Telling System

Subscribers with CUster numbers may now receive the time of day by dialing ULrich 3-1212.

According to Ralph Dutro, District Manager of the California Water & Telephone Company, this new service has been made possible by the installation of an automatic time announcer. The time of day announcements are taken from a magnetic tape on which they have been previously recorded. Announcements are made throughout the day at intervals of 15 seconds.

The automatic toll ticketing of message calls, enabling succribers to dial anywhere in the Los Angeles Metropolitan area without operator assistance, will go into effect about the first of the year, according to Dutro.

SCOUT DATE CHANGES

The Boy Scout Court of Honor for the Mt. Wilson District, to which Sierra Madre belongs, will not be held Monday at City School as previously planned. The date has been changed to Monday, June 8.

Rattlesnake Attacks Woman On Grandview

Mrs. Ella C. Besocke, unaware that she had been bitten by a rattlesnake, called the police Thursday afternoon for assitance in making sure that the snake was dead after she had fought it with a club.

Walking the road on the acreage behind her home at 891 E. Grandview, Mrs. Besocke jump-stepped lightly over what she thought was a coil of broken branches, but when her Pekingese refused to follow she retraced her steps to hear the buzzing of the snake's rattles.

After using the broken limb of a tree as a weapon, Mrs. Besocke awaited the arrival of Officer Jim Heasley, who answered her call. It wasn't until evening that she was stricken with the pain that revealed the snakebite.

She was rushed to St. Luke's Hospital by Dr. Mervin H. A. Peterson, with the help of police. Her condition is reported as "satisfactory."

Officer Jim Heasley said he believed the snake—two and one-half feet long with 10 rattles—had come from the hills seeking water in the untimely dry season. Also the Fire Chief here, Heasley writes "Fire Flames" in the News in which he repeatedly has warned against the dangers of the early "fire season."

PREPARATIONS INCREASE

City Administrator R. Merritt Baker met Monday evening with city councilmen, Col. C. R. Gildart, associate director of Civil Defense; Fire Chief Jim Heasley, and members of the Volunteer Fire Department for the purpose of discussing the ways and means of increasing the amount of trained personnel for the Auxiliary Fire Department. Their objective is to increase Sierra Madre's preparedness for Civil Defense and other emergency measures.

School Event Accents Music On Big Scale

Best-loved tunes from "Suwanee River" to songs from "Oklahoma" will be presented by 300 students of Sierra Madre City School in the annual spring program, Thursday evening, May 28, at 7:30, in the City School auditorium.

Dances and instrumental numbers of familiar music by well-known composers of the last century, will be presented, with Mrs. Matilda Smith directing the entire fourth, fifth, and sixth grades in the mammoth production. Costumes have been assembled by parents.

With each class honoring a song composer, in the program entitled "There's a Song in My Heart," the great musicians represented will be Franz Schubert, Stephen Foster, John Philip Sousa, Victor Herbert, Carrie Jacobs Bond, Jerome Kern, Richard Rodgers, and Irving Berlin.

Nancy Willis and Lee Fish will play accompaniments on the accordion and trumpet.

Mrs. Smith is vocal and instrumental teacher at the school, director of the student orchestra, and each year produces the spring program and the Christmas play.

The students assist in preparation of the script, and every child in the participating grades has a part in the program.

City to Parade Memorial Day

Parade Beginning at 10 o'Clock Will Be Routed From City Park To Cemetery For Ceremonies

Sierra Madre's Memorial Day Parade will begin at 10 o'clock Saturday morning for the traditional march to the city cemetery, where the annual service will be conducted in recognition of Sierra Madre's war dead.

Sponsored by the Harry L. Embree Post, Veterans of Foreign Wars, the event will include, along with veterans, members of the National Guard, Boy Scouts, Girl Scouts, and ranks of school children. Assembly will begin at 9:15 a.m. at City Park.

Evan S. Dennis, past commander of Post 2324 Altadena VFWUS, will be the parade marshal.

In the cemetery ceremonies, following the invocation by Rev. Carl Smith and the singing of the Star Spangled Banner, Col. C. R. Gildart, associate director of Civil Defense, will address the assembly concerning the spiritual strength of the free American.

The roll of honor will be read by Mayor Henry F. Korsmeier, beginning "Let us join today in all humbleness, with those throughout the world who are honoring the men who gave their lives for righteousness."

In his speech, Gildart will present a theme in reference to the increased meaning of the Gettysburg address. He also will point out that those who serve dictators are starved for freedom, and therefore can never be as good soldiers as those Americans who fight for their country in which freedom already exists.

National Guardsmen in the Sierra Madre Heavy Mortar Company of 223 Infantry Regiment will fire the salute in honor of the servicemen. Buglers will be Boy Scouts from local Troop 5.

The ceremonies will end with a convocation by Father Joseph F. G. Ryan.

Afterwards, ice cream will be served to the children.

Pasadena Vote To Be Shared Here June 5

Sierra Madreans will go to the polls Friday, June 5, to vote for three members of the Pasadena Board of Education, and a tax rate increase in the Pasadena Junior College and High School Districts.

Polls will be open from 7 a.m. to 7 p.m. at the one consolidated precinct, the Sierra Madre City School, 141 W. Highland.

Fifteen candidates are running for office. Incumbents are Lawrence C. Lamb and Mrs. Gladys C. Rinehart. Others are Leon Barreau, Thomas E. Bennet, Roger M. Bone, Mrs. Louise G. Doty, Miss Mabel Fossler, Ellis H. Frederick, Arthur K. Hutchings, D. Wm. Johnson, Joseph Matus, Laurel V. McElwain, Mel Morse, William H. Nicholas, and Walter S. Young.

In the recent bond election for Pasadena schools, the bonds affecting Sierra Madre taxpayers did not pass. The bonds were for construction purposes only. The proposed tax rate increase is for salaries, equipment, maintenance and supplies.

According to Stuart Marsee, business administrator of Pasadena schools, the increased assessed valuation of property will not take care of both higher costs and school population increases of the magnitude experienced in the last 10 years, making the tax increase necessary.

Proposed increase is from $1.10 to $1.46 for three years, with the maximum rate for the second and third years.

Pasadena residents will vote on an increase in the elementary district, in addition to the High School and Junior College districts.

This is the fourth time this spring that residents in the area have voted on school matters. Sierra Madre recently passed a bond election for new construction, and reelected Howell N. White Jr. to the board. In the Pasadena election, only the elementary bonds passed.

CLASSI. QUOTES

SAID Bill Thew, "Yessir, our masonary ad is pulling swell." And his partner, Jim McCarron, added, "Lots of calls from Hastings, too."

Kiwanis Hears Stuart McComb and D. D'Arcy

At the Tuesday luncheon meeting this week of the Kiwanis Club, Dr. Stuart F. McComb, superintent of schools in Pasadena, described the coming school bond issue for the Pasadena School District, June 5.

The second half of the program was in charge of Dr. Daniel D'Arcy, chairman for the Foothill Community Fair.

Other Kiwanis news includes the report that three members recently made a fishing trip to Lake Meade, with friends. Of the group, Newell Barrett, Bill Bodley, and Milton Valois shared a catch of 32 bass.

The fishermen wound up their trip by attending a meeting of the Las Vegas Kiwanis Club, May 20, at the Hotel Last Frontier.

Bloodmobile In Season's 2nd Visit Here Gains 147 Pints

The second call of the Red Cross Bloodmobile in Sierra Madre this year secured 147 pints, Wednesday of last week.

At that time, Gallon Pins were awarded to Mr. and Mrs. Stanley Coutant, Manuel de la Torre, Charlotte Bush, Jennie Macias, and Robert P. Jenkins.

Mrs. Ralph M. Jones, in a statement concerning the event, has said: "I would like to express my heartfelt thanks to the volunteer workers and organizations for their fine cooperation; also the Woman's Club for donating the use of the clubhouse, the Community Nursery School for the baby sitters and equipment, Virginia Sayles and the Sierra Madre Hardware for special displays in their windows, the City for its manpower, Hall's Youngland for a window model, all the business houses for displaying our posters, and the Sierra Madre News."

Mrs. H. G. Hargraves, publicity chairman, pointed out that Sierra Madre still lags in the optimum goal of 200 pints on each of the Bloodmobile calls, but said that it "certainly is not due to lack of publicity."

The volunteer staff for the Blood Bank included Mrs. Paul Burton, Recruitment Chairman; Mrs. R. J. Eastman, Group Donor Chairman; Mrs. Victor H. Woehler, Canteen Chairman.

The Canteen served fruit, coffee, and doughnuts for five hours besides preparing and serving dinner to all the volunteers and the Bloodmobile staff.

Col. C. E. Morrison and Col. Owen Marriott were in charge of transportation.

Others makings up the Blood Bank staff were: Mrs. Charles Ascher, Mrs. H.C. Stroup, Mrs. Robert Dodge, Miss Jean Woodward, Mrs. E. W. Carver, Mrs. Alyce Herrold, Mrs. Paul Campion, Mrs. Sam Haskins, Mrs. Marjorie Ellis, Mrs. Wm. Bowers, Mrs. Henry Nelson, Mrs. N. A. Howe, Mrs. Carl Adam, Mrs. J. W. Guild To Install Officers, Hear Report On Fashion Tea

Members of St. Rita's Guild will meet at 7:30 Monday night in the school hall for the formal installation of new officers and to hear Mrs. George R. Meeker's report on the highly successful annual fashion tea May 9 of which she was general chairman.

As retiring president of the guild Mrs. W. F. Maloney will preside during the monthly business session, later turning over her gavel to Mrs. W. A. Schweiger who will be installed in the presidency.

List New Officers

Other new officers to be inducted are: Mrs. Thomas Lynch, first vice-president and program chairman; Mrs. James Burke, second vice-president and membership chairman; Mrs. Robert Orf, third vice-president and ways and means chairman; Mrs. Charles Merton, treasurer; Mrs. James Crossman, recording secretary; Mrs. Sam LaSalla, corresponding secretary, and Mrs. John Woods, parliamentarian.

The Fashion Festival on which Mrs. Meeker will report was held on the grounds of her home at 1025 Singing Wood Dr. and attended by approximately 500 women, the largest attendance in the four years of the fashion tea. All of the ticket money still has not been turned in but it is said that the total proceeds this year will exceed those of previous years, attesting to the growing interest in the annual springtime event.

Featured California Designers

The fast-paced fashion parade of professional models wearing stunning original dresses, suits and coats of California designers was described against a musical background by Mrs. Ethel Joutras, fashion co-ordinator.

The grounds of Mrs. Meeker's home, the sunny flower gardens and oak-shaded lawns provided a pleasant setting for the fashion promenade. Tea was served later from three attractively appointed tables, two covered with cloths of pale yellow organdy and the third with a Madeira lace cloth of Mrs. Meeker's. All had unusual flower arrangements as centerpieces.

Pouring tea were Mrs. Tom Hogan of Hastings Ranch, Mrs. George Dudley of Arcadia, and, from Sierra Madre, Mrs. Frank Spencer, Mrs. Helen Holliger, Mrs. Peter Thill, Mrs. Jack Fetters, Mrs. Woodson Jones, Mrs. E. Gordeau and Mrs. Rebecca Colligan.

Mitchells Leave For Bible Conference, To Fill Speaking Dates

Mr. and Mrs. Thomas Mitchell, who served as missionaries in Japan for three years and expect to return there in September, have left for the mid-West where they will attend and speak at a Bible conference at Winona Lake, Indiana, and then will fill more than 20 speaking engagements through July 26.

They returned to this country from Osaka, Japan, last October due to Mrs. Mitchell's health and have been spending most of their time with Mr. Mitchell's mother, Mrs. Esther Mitchell, 58 S. Hermosa. They are members of Bethany church here.

Mr. Mitchell, a native Sierra Madrean, left May 16 to pick up a new car and Mrs. Mitchell left last week to join him. Their speaking engagements after the Bible conference will take them throughout the mid-West concluding with an engagement in Salt Lake City on July 26. Shortly after that the senior Mrs. Mitchell will join the couple at Yosemite for a week's vacation.

The Mitchells, whose work is mostly in the Japanese schools, plan to leave in September in time for the opening of the schools in Tokyo in the fall.

Congregational To Hear Dean Cranston; Set Memorial Rites

Rev. Carl Smith's sermon at Sunday services in Sierra Madre Congregational church will be entitled "Remember," apropos to Memorial Day. Tonight the congregation will hold its 67th annual meeting and election of officers and will hear an address by Dean Earl Cranston of the University of Southern California School of Religion.

Special music at Sunday's worship service of commemoration will be provided by the Chancel choir under the direction of Deane Tack.

Calls for Rededication

In regard to Sunday's memorial service Rev. Smith said: "In appreciation of the rich heritage that we have as Christians and as citizens of this good and pleasant land this service will call for a rededication of ourselves to all that is good in our past."

Following a potluck dinner at 6:45 tonight, the congregation will hear Dean Cranston's talk on the subject, "The Church and the World Situation." The dean will speak from years of experience abroad, the minister says, and as a student of the present religious scene and the world currents that affect it.

Will Hear Reports

Later in the evening Rev. Smith will preside during the annual business meeting at which time brief reports will be presented by officers, boards and organizations of the church and plans will be launched for the coming year. Election of new officers, boards and committees will culminate the business of the evening.

"Having served the community as opportunity afforded over the past 67 years, the congregation again extends an invitation to all interested persons to be present and share the evening with us," Rev. Smith stated.

. . . . A PRAYER

O God, give us serenity to accept what cannot be changed; courage to change what can be changed; and the wisdom to know one from the other.

TWO MRS. ROBERTS TO TALK AT MEET OF MISSION GROUP

Dr. George E. Ladd of Fuller Theological seminary, interim preacher at Bethany church pending the announcement of a new pastor, will speak at the church's mid-week service at 7:30 tonight and again at Sunday worship services and the following Wednesday night.

He is professor of New Testament at the Pasadena seminary.

Meeting on June 2

The church's Missionary society will have an all-day meeting Tuesday, June 2, in the church, beginning at 10:30 a.m. The morning and afternoon speakers, respectively, will be Mrs. Grace Pike Roberts, missionary to China, and Mrs. Grace Strachan Roberts, missionary to Latin America. Although their names are similar they are not related and the program chairman believes it quite unlikely that they have ever met.

Mrs. Grace Pike Roberts, the morning speaker, who returned to this country earlier this month for the wedding of her twin daughter, Jean, has lived most of her life in China and before the Communist occupation her husband, Dr. Charles Roberts, was president of Hoonan university. At present she and her husband operate the Fraternity Book room in Kowloon, Hong Kong, which work gives them an opportunity to serve refugees from occupied China as well as government officials of many countries.

Talk on China Today

She is expected to provide her listeners with a wealth of information about China as it is today. Hong Kong, she has pointed out, has a population greater than that of Los Angeles living in one-tenth the area.

Following the morning address a potluck luncheon will be served and at 2 p.m. the speaker will be Mrs. Grace Strachan Roberts, who is associated with the Latin American Mission, and assists her husband, who is director of a radio station in Costa Rica. She is the mother of five children and also teaches in a Bible seminary.

Preceding the afternoon program there will be a devotional period and Mrs. Robert N. Schaper, a recent arrival from Greenville, S.C., will sing.

Foothill Hears Speaker Lax; Installs Forty

Ben Lax, president elect of the Pacific Southwest Region of the United Synagogues of America, made the keynote address at the installation of officers of the Foothill Jewish Community Center on Sunday, May 24, at Dante's restaurant in San Marino. Leonard Kustner was chairman of the installation.

Reuben Friedman was installed as president. Of the approximately 40 other officers and trustees installed 14 are Hastings Ranch and Sierra Madre residents including Julius Freund and Sam Perlof, vice-presidents; Mr. and Mrs. George Roane, treasurers; Seymour Lampert, recording secretary; and, trustees, Ralph Alpert, Mrs. Ralph Cohen, Ben Garson, Aaron Glaser, Max Green, Milton Honowitz, Mrs. Sam Perlof, Marc Shaefer and Morrie Yasskin.

Sam Perlof of Sierra Madre, chairman of the building committee, exhibited plans of the proposed classroom addition. Construction is scheduled to start in the near future.

The Community Fair committee, composed of Mrs. Sam Perlof, Mrs. George Roane, Mrs. Aaron Glaser, and Mrs. Irving Cohen, is enlisting the aid of the Socialites, Hadassah, the Moppettes, the R. G. B. Aides, and the Women's division to assure the election of Nan Petnick as queen of the fair. Tickets may be obtained from members of the committee.

Lesson-Sermon Uncovers Nature of Evil

The Lesson-Sermon in all Christian Science churches this Sunday, "Ancient and Modern Necromancy, **alias** Mesmerism and Hypnotism, Denounced," attacks the theory that God is the source of evil.

The Golden Text from Jonah (2:8,9) reads, "They that observe lying vanities forsake their own mercy. . . . Salvation is of the Lord."

The Apostle James counsels, "Count it all joy when ye fall into divers temptations; Knowing this, that the trying of your faith worketh patience. Blessed is the man that endureth temptation; for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him" (1:2,3,12).

In "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing" (p. 29).

Dance Pupils End Season With Dress-Up Party In Parish Hall

The young people's dancing class of the Church of the Ascansion parish school wound up its series of classes for the current season with a dance Friday night in the parish house. The dancing instructor, Sally Clark, presented each of the little girls, all between the ages of 10 and 14, with baby orchids for the occasion.

Rev. Harley Gibbs Smith Jr., rector, whose birthday it was, was a guest of honor. The birthday of one of the boys in the class, Dale Reichard, was marked with candles on one of the cakes served with the evening's refreshments.

Approximately 30 young people attended the party along with the class sponsors, Mr. and Mrs. John Powell, Mr. and Mrs. Harold Higgins, Mr. and Mrs. Karl Joehnck and Mr. and Mrs. Woodrow Mecca.

The dancing classes will be resumed in September.

MRS. JOHN E. CONZELMAN, 658 Mariposa Ave., has volunteered to serve as Community Chairman for Sierra Madre in the campaign to elect the Bone-Nicholas-Young slate to the Pasadena School Board on June 5. Mrs. Conzelman is recruiting workers for the campaign in this area. NURSERY GROUP GET-ACQUAINTED MEETS CONTINUE; FATHERS WORK DAYS SET

In order that the parents of children in the constantly growing Community Nursery School may have a closer working contact in carrying out their various projects, they have divided into groups designated by the ages of their children and the days they attend the school. The groups thus formed are having a series of get-better-acquainted potluck suppers and of these two were held last Friday.

Parents of the youngest children who attend the nursery school on Mondays, Wednesdays and Fridays met in the home of Mr. and Mrs. E. L. Butterworth, 1145 Singing Wood Dr., Arcadia. Parents of children in the same age group attending the school on Tuesdays and Thursdays gathered in the William Morans' home, 1325 Ramona Rd., Arcadia.

Joint Committee Named

The gatherings have been planned by a joint committee headed by Mrs. Ronald Edwards and including Mrs. Warren Huth, Mrs. John Boldeman and Mrs. Claude H. Brown Jr. Mrs. Robert Glesby is chairman of the entire "youngest children" group.

Fathers' Work Day

Although the pot-luck parties are planned as social affairs plans were outlined for the fathers' "work day" at the school Sunday, May 24, from 9 to 1 when the men worked on the school playhouse.

Fathers of nursery school children customarily give four Sundays a year to this type of work. Roger Johnson is chairman of the Nursery School association's equipment committee and co-ordinator of the work days.

Auxiliary Serves Coffee

During the Sunday "working hours" members of the Nursery School Auxiliary serve coffee and doughnuts to the men. The sub-committee in charge for last Sunday's work is composed of Claude H. Brown Jr., Harold Bartel and Robert Glesby.

The work group of fathers of the oldest children in the school will gather at the school Sunday, June 7, to work on their project.

A total of about 35 mothers and fathers attended the two supper parties Friday night.

Auxiliary Meets June 3

The next meeting of the Nursery School Ass'n Auxiliary is scheduled for 8 p.m. June 3 in the home of Mrs. Charles Shugert, 360 Ramona.

Social and Club Activities

Local Family Service Gives Annual Report

Sierra Madre Family Service members held their annual meeting this month at the home of Mrs. George Osborn to hear the report by Mrs. Philip Woodworth concerning the organization's activities during the past year.

Featured speaker of the evening was Carl Shafer, new director of Pasadena Family Service, whose subject was "Unhappy Living." He told of the cost that a community must bear, directly or otherwise, through persons who are maladjusted to their circumstances.

The purpose of Family Service, according to Shafer, is to help provide the means and contacts for interviews with psychologists, psychiatrists, and other counselors who may be of assistance in preventing divorce or who may give valuable advice to individuals who find themselves in other perplexing situations, domestic or social.

According to Mrs. Woodworth, the record to the end of last March, shows that Family Service here provided 68 interviews, and made arrangements for handling 16 emergency cases.

The record, including the listing of 37 telephone calls, shows the total of $180 paid by clients themselves, and $213 paid by the Sierra Madre unit of Pasadena Family Service.

During the recent meeting, Mrs. Betty Carver and Douglas Lance were elected to the local board, to replace the Rev. Donald Ostrander and City School Superintendent Charles Skutt. Tom Schwartz was re-elected to another term.

Flies carry some 20 diseases including tuberculosis, diarrhea and typhoid. Flies thrive in and around dirty garbage pails.

WOMEN'S PRESS CLUB

The San Gabriel Valley Women's Press Club will meet tonight at Gilbert's Restaurant, 2020 Huntington Dr., San Marino, beginning at 7:15. Installation of new officers will take place after dinner and, on the entertainment side, the program will feature a style show of "career clothes for summer."

Friendship Club To Hold Annual Picnic

The Sierra Madre Community Friendship Club will celebrate one of its biggest events of the year next Monday when residents from here and nearby communities meet at City Park to attend the club's Annual Picnic, beginning at 12:30 p.m.

The picnic, to which everyone is invited to bring a box lunch, will be attended by representatives of the Pasadena Friendship Club and the Vanguards of Altadena.

After the luncheon hour, a program in the Park House will include a musicale under the direction of Mrs. Edith Seager, accompanied by Miss Marian Lorenz on the piano. The Pasadena group will share in this, with A. D. Hoenshel presenting selections on the flute. Hoenshel is orchestra director for the United Senior Citizens of the San Gabriel Valley.

Although the affair will be the Club's last seasonal meeting, the Sewing Group, led by Madame Babin, will meet twice each month in different homes here to work for the sewing sale that is scheduled for the first Monday in October.

The club is asking for donations of articles—anything from canned summer fruits to "white elephants"—inasmuch as the sale is its only means of raising money for charities and club expenses.

The Sewing Group will meet at the home of Mrs. Lee Shippey, Wednesday, June 3.

MRS. BARKER HAS GUESTS

Noble, Nadine Noble and a greataunt, Mrs. Mary D. Caley of Sierra Madre.

A Day for Remembering . . . . .

MEMORIAL DAY is that occasion when the Nation pauses in rembrance of those who died in defense of our country and for the freedom of mankind.

It should not be primarily a day of grief, of mournful recollection of death on the field of battle. Rather, it should be a time for recalling the lives of those passed beyond; for it was how they lived as well as how they died that measured their heroism. Indeed, death was but their final sacrifice, and to some it may have been the easiest sacrifice of all in comparison to the incalculable hardships they had endured.

MEMORIAL DAY is also dedicated to those who fought and lived, especially those who must now live in wheel chairs and hospital beds. It is a time to remind ourselves to remember them — not only one day — but every day, and do for them what we can for their entertainment, their comfort and encouragement. To them the battle goes on. We must not forget them nor forsake them, ever.

Finally, MEMORIAL DAY is occasion for reappraisal of our efforts both as individuals and as a Nation toward world peace. And let us rededicate our hearts and minds to this end. May we remember on this day not only our debt to the past but our obligation to the future.

Friends Learn of Death Of Mrs. Louise Allen

Friends here have learned of the death May 12 of Mrs. Louise Allen who had been resident in an Inglewood rest home. She was believed to be in her late 80's. A former Sierra Madrean until about a year ago, Mrs. Allen went to Inglewood to be near her daughter, Mrs. Ross Moore, who lives there.

Mrs. Allen lived in Sierra Madre many years. She had been an opera singer in her youth as was her late husband, friends here say.

Roland Adamses Have Daughter, Family As House Guests

Dr. and Mrs. J. Edwin Griffith returned yesterday from a brief stay in San Francisco to continue their three-week visit with Mrs. Griffith's parents, Mr. and Mrs. Roland A. Adams, 217 W. Highland. The Griffiths' children, Christopher, Jane and Jean, remained with their grandparents while Dr. and Mrs. Griffith went up north.

The Griffith family arrived here recently from Fort Defiance, Ariz., where they lived for two years while Dr. Griffith served with the navy public health program in the hospital there. He recently successfully completed his state board examinations qualifying him to practice as a specialist in pediatrics.

He will return soon to his private practice in Whittier and he and his family will again make their home there.

Senior E. A. Humes Move To West Mira Monte, Remodeling

Mr. and Mrs. Edward A. Hume Sr. moved earlier this month from 200 S. Michillinda to 25 W. Mira Monte where they have bought and are enlarging and remodeling a small house located on the grounds, the tennis court, actually of one of the old Sierra Madre homes.

They had been renting their former residence on South Michillinda. The Humes' son and family, Mr. and Mrs. E. A. Hume Jr., also live in Sierra Madre, at 241 W. Montecito.

More Truth Than Poetry? . . . . .

Students of poetry may find fault with the "poem," so far as technicalities go, but journalists love it. It has been reprinted in so many newspapers that the author's name has been lost enroute.

Which is too bad. We think the writer's name should be engraved on a monument—a big, tall, beautiful monument.

My father says the paper he reads ain't put up right.
He finds a lot of fault, too, he does, perusin' it all night.

He says there ain't a single thing in it worth to read,
And it doesn't print the kind of stuff the people need.

He tosses it aside and says it's strictly on the bum.
But you ought to hear him holler when the paper doesn't come.
He reads about the weddings and he snorts like all get out;
He reads the social doings with a most derisive shout.
He says they make the papers for the women folks alone;
He'll read about the parties and he'll fume and fret and groan.
He'll read of information it doesn't have a crumb—
But you ought to hear him holler when the paper doesn't come.

He is always first to grab it and he reads it plumb clear through.
He doesn't miss an item or a want ad—that is true.
He says they don't know what we want, the darn newspaper guys.
He's going to take a day some time and go and put them wise.
"Sometimes it seems as though they must be deaf and blind and dumb."
But you ought to hear him holler when the paper doesn't come.

JEWELED CORRIDOR OF EPIPHYLLUMS OPENS AT COOLIDGE

A large and spectacular display of epiphyllums has been open to public viewing in the "Jeweled Corridor" at Coolidge Rare Plant Gardens, 889 North Foothill Blvd., Pasadena, during the rest of May and June.

Although native to the tropical countries such as Brazil, Mexico and Argentine, the majority of types of this spectacular flowering plant have in the past been hybridized in Europe. Now, due to the congenial climate, and, perhaps, to the affinity of the streamlined nature of the plant with modern architecture prevalent here, superior kinds have been developed in Southern California.

Ann Gildersleeve Feted On Birthday; Receives Greetings From England

Ann Gildersleeve, small daughter of Col. and Mrs. W. W. Gildersleeve, 475 Manzanita, was hostess recently at a party celebrating her second birthday. In addition to being wished "happy birthday" by her young friends attending the party, Ann also received several singing telegrams during the day and greetings from her godparents, Mr. and Mrs. Arthur Keighley of Rochdale, England, and from her paternal grandmother, Mrs. A. Gildersleeve of Chicago.

Ann's other godmother, Miss Alice Roussel of Altadena, and her maternal grandmother, Mrs. John T. Schofield of Pasadena, attended the birthday party.

The children were served refreshments from a gaily-decorated table set up on the lawn in the patio. The centerpiece was a cluster of balloons and at each place were party favors and miniature straw hats apropos to the observance of "Straw Hat Week." Little Barbara Schofield, age 3½, assisted her mother and Mrs. Gildersleeve in decorating the table.

The children, all from Pasadena, Altadena and Sierra Madre, attending the party included: Cristan and Catherine Straub, Kim and Victoria Gates, Douglas Porter, Bradley and Ronnie Zebel, Ann, Barbara, Eric and John Schofeld, Hardie, Victoria and Louise Goodwin, and Christopher Ury.

In 1952 Legion aid to children in California provided 76,304 youngsters with $233,163 in welfare aid.

MRS. ROBERT SHADFORTH, 382 W. Montecito, a long-time Sierra Madre resident, is pictured here with her infant son, Robert Allin, who was christened in St. Mark's Church, Altadena, recently. The christening robe he is wearing is an heirloom one, acquired in 1780 by the baby's great-great-great grandfather, James Shadforth, who was captain of the sailing vessel, Harriet. The soft lawn dress, hand embroidered all over, was made by native men in India. It has been used for 170 years by the Shadforth family and was sent on to the Shadforths here for their son's christening by Mr. Shadforth's aunt in Sussex, England.

Two Local Infants Christened Same Day In Altadena Church

The infant sons of two Sierra Madre couples who are friends were christened the same day, Sunday, May 17, in St. Mark's Episcopal church, Altadena, with Rev. E. E. Hailwood officiating.

The babies are Robert Allin, 3-month-old son of Mr. and Mrs. Robert Shadforth, 382 W. Montecito, and Ellett Craig, age 5½ months, son of Mr. and Mrs. Ellett L. Jackson, 239 N. Wilson.

For the occasion Robert Allin wore a christening robe which has been in his father's family for 170 years and was sent on here a month ago by Mr. Shadforth's aunt in Sussex, England. When she was christened about four years ago in the Church of the Ascension here, Robert's little sister, Margaret Anne, wore another heirloom robe, one worn by the children's maternal grandmother, Mrs. Mary W. Pulling, when she was christened in Yorkshire, England. Mrs. Pullling makes her home with the Shadforths now.

Robert's godparents are Mr. and Mrs. Richard Shadforth of Los Angeles, who were here for the christening and family dinner party afterwards, and Mr. and Mrs. Ronald W. Pulling of Oklahoma City. The baby's mother has been a life-long Sierra Madrean and his father is from Los Angeles.

The Jacksons also are from an old Sierra Madre family. Mr. Jackson, brother of Don Jackson, local businessman, is a lifelong resident and Mrs. Jackson came here from Decatur, Ill. Their child's godparents are Mr. and Mrs. Emil Smith of Sierra Madre and LeRoy Smith and Steve Novota, both of Decatur, Ill.

The Jacksons are selling their house on N. Wilson and expect to move to Bakersfield in mid June.

Marshall's Senior Play last week was really three—three plays, that is.

One of the plays, "Double Date," starred Jean Bickel as a southern belle who, when sickness broke up a school dance, came home to coax her old standby into taking her to a costume party. In the end she gets "stood up." It was surely a cool play.

Another play, "Arabian Nightmares," was real cute! Sierra Madreans in it were Nancy Rogers, Jane Lange, Connie Krystoff, Blythe Gentry, Sue Wilfong, Billy Burr, Tony Pascoe, and Kenny Rhodes.

Nina Shearer was student manager of one of the three plays.

Gosh, just think how much we'll enjoy it on those "especially hot" days this summer. Come on, kids—if you really want that pool—donate your services or something you have made or—if you just happen to have an old spare showcase lying around, bring it along.

THE Ranch Juniors

by MYRNA LAMBERT
CUster 5-2545

Eugene Fields School has had its May activities which were enjoyed by the parents as well as the children.

The kindergarten put on a cute dance program. Each of the children was dressed as a different animal.

The first and second grade had a dance program too.

Stories written into songs were the third grade's contribution to the show.

The fifth graders gave two square dances and all of the students taking part were in gay dance costumes.

The sixth grade presented four Latin American songs and danced Tico Tico. Part of the students danced while the rest supplied the music.

To top off the day's festivities, the girls in the sixth grade did a May Pole dance. The poles used in the dance were very gayly decorated with colored paper.

AMERICA NEEDS THEM ALL

"America needs the devotion of the Jew, the faithfulness of the Catholic, and the independence of the Protestant. Adding these enriching contributions involving high moral integrity, reverent worship, and intellectual freedom, we get the divine attributes which, when humanly applied, have helped to build and to keep America spiritually strong.

"How much poorer our country would be without the heroic consecration of individual Americans to each of these three patterns of religious development! How much richer we will be together when, as members of any one church, we forsake every tendency to bigotry and strive to obey that gentle but powerful commandment voiced by Jesus, "Thou shalt love thy neighbor as thyself." —Dr. J. Richard Sneed, First Methodist Church, Los Angeles.

Congressman Edgar W. Hiestand REPORTS THE WASHINGTON NEWS

Budgets and Budgets

Any businessman knows there are two kinds of balances he must have—a balance between income and expenses on his books, but also a balance in his cash position between his actual cash receipts and cash payments. Most people in talking about the Federal Budget talk about the balance between appropriations and taxes, and that is what we have been discussing in previous news releases. Of course, we, in common with most people, also realize that other balance, corresponding to the cash position of a business. Now the cash position budget is being discussed very largely, and that indeed is a "toughie."

Most people thought when we discovered still unspent $81 billion of previous appropriations, this provided a grand chance to cut down current spending. That is true. It does. But, it must be realized that in each of the last five years the Truman deficits were increasing, starting with $4.4 billion and running up to $15.9 billion, an aggregate of accumulated deficit of some $44 billion.

Of course, we are aware that much of this $81 billion unspent appropriation had been contracted for, and that a great deal of it, such as planes and tanks coming off production lines would have to be paid for this year. Well, it now seems as if the cash expenditures were now peaking up to a very high point and these terrific payments required for money already spent by our predecessors must be paid for out of the 1953-4 cash receipts. That's the reason you now hear the "Cash Budget" can't be balanced this year. We've got to pay for colossal previous expenditures.

Weep-Holes and Mullions

Engineers have been oozing with bafflegab recently as they explain that the weepholes in the spandrels have undoubtedly been caused by the millions. There is no cause for calling out the National Guard, however, that is only their way of explaining that the new and expensive United Nations Building in New York leaks like a sieve. The engineers have risen to the occasion with plans to put cover angles on the mullions and span the weepholes in the spandrels. Perhaps the Communists and the Communist sympathizers have been leaking into the UN thru the weep-holes too. At any rate, it will be comforting to know that they are to be taken care of—whatever they are.

Personal Note

Sometimes we feel we have "a whale of a problem," but one big problem we can be sure of never having to confront is that of a whale. One of my colleagues had to call the Coast Guard for help recently when a "big" whale washed up on the Eastern Shore of Maryland. Funny part about it is that it was the second time the Coast Guard has had to drag the whopper away.

JOHNNY PARSONS, one of Southern California's most famous racing car drivers, points with pride to Belond Equa-Flow Exhaust Special, which he will pilot in Indianapolis 500-mile Classic on Memorial Day. Belond Special is brand new and incorporates new exhaust system giving it greater horsepower, more speed and faster acceleration. Parsons hopes to repeat his 1950 victory at Indianapolis driving new contender in Classic.

City of Hope Plans Cancer Treatment

The City of Hope, National Medical Center in Duarte, has made plans for the installation of the latest in the teatment of cancer, a Cobalt Beam Therapy Unit. The Unit itself which will require a special building for its operation, was the gift of Mrs. Elsinore Machris, widely known Southern California philanthropist.

Dr. Melville Jacobs, Director of X-ray Therapy at the City of Hope, which accepts patients from every part of the country without charge, recently returned from an extensive tour of inspection of institutions where "Cobalt 60" is in use, including the Atomic Energy Commission Unit. The knowledge gained from the inspection will be applied to produce the most modern "Cobalt 60" Unit for cancer therapy.

OCCIDENTAL WORKSHOP

Diagnosis and treatment of school disabilities of children will be the subject of a two-week workshop (July 20-31) to be given as a feature of the summer session at Occidental College, according to Dr. Richard F. Reath, director of the session.

OKLAHOMANS' PICNIC

Western stars of stage and screen will be featured at the Oklahoma State Society Picnic beginning at 2 p.m. Saturday, at Sycamore Grove Park in Los Angeles.

Robert East Reports For Amphibious Post

Lieutenant (jg) Robert C. East, USN, son of Mr. and Mrs. Robert C. East of 377 N. Lima Ave., has reported to Commander Amphibious Training Command, Pacific Fleet, at San Diego for an indoctrination course in amphibious warfare.

Lieutenant East is a graduate of the U. S. Naval Academy, class of 1951. Upon completion of his training, he will report to the USS LST 822, a landing ship tank.

Boy Scout News

Switzerland, the fortress of Europe, highest and most mountainous land on the continent, was the theme of films presented at the Congregational Church May 8 under the sponsorship of Boy Scout Troop 3.

Subjects shown were two short travelogues entitled "Towns in Switzerland." Also shown were "This World of Ours" and "Interlaken, Alpine Wonderland," both in color.

Informative comment was given during the show by Pierre Touchon who explained the various cultures.

Troop 3, sponsoring the show, is making tentative plans for a short series of similar travel movies which, if plans materialize, will be presented during the first weeks of summer.

* * *

The boys of St. Ritas Troop 2 were recently surprised by Scoutmaster Van Vleet. He arranged for the teaching of the "Use and Care of the Rifle" by the members of the Santa Anita Rifle Club for the entire troop of Boy Scouts.

Highlight of the experience occurred when the boys were permitted to try "Live shooting" using regular 22 ammunition and targets. Several of the Boy Scouts put all 5 shots in the bull's eye of the target much to the amazement of their teachers.

This group will return for regular instruction leading to the award of the Marksmanship Merit Badge. The boys attending this meeting were: Douglas Barr, Larry Fedders, Mike Gingrich, Ronald Griffin, Phil Hayes, Joe Kelley, Martin, Meeker, John McMaster, Walter Sheasby, John Sheehy, Stender Sweeny, and Bob Zeuschner.

FIRE FLAMES

If Civil Defense is to be taken seriously, then we are supposed to have 169 Auxiliary fire fighters in excess of the active list. This is a lot of men to train for fire fighting and will require much time of instructors.

* * *

There is no objection to training men if they really mean to assist and give their time. However, the men of the fire department are required to give considerable of their time for the present training to keep in trim for the regular fire department. In order that the individual may learn the intricacies of fire fighting and the equipment, he must have some personal attention. The members of the fire department are willing to devote time to training men for emergency fire fighting and urge capable men to inquire as to becoming Auxiliary Firemen.

For information see Chief Jim Heasley or ask for an application at the City Clerk's office in the City Hall.

* * *

Two recent grass fires should remind us that the season is nearing when the weeds and grass will burn with very little encouragement. It is thought that one of the two fires was caused by spontaneous combustion from the hardwood floor sawdust thrown out where the hot sun and wind could get at it. The sawdust from hardwood floors is especially dangerous and should be disposed of in safety.

The other was caused by small boys who played with matches. Only the green of the high wild oats held it back. This allowed the fire department to stop it after it burned a very small area.

The elimination of dry weeds and such must be accomplished as fast as possible. We only need to read the papers and listen to the radio to learn that our neighbor cities are not quite as fortunate as we. Their equipment is on the run just about every day.

* * *

This can be because our residents are fire conscious, or it can be because of our practice of fire prevention, but whatever the reason let's keep up the good work. We are noted for our low fire losses and few fires and when you consider that we are a rather large town with a population of 8000 people, there must be a good reason.

Of every seven deaths last year, one was due to cancer, the American Cancer Society points out,

Double Bill Set Tonight At Playhouse

Pistol in one hand and wizard's wand in the other, Broadway-London stage and screen star Douglass Montgomery scintillates in "Two for Tonight" colorful footlight double bill, opening at the Pasadena Playhouse this evening.

G. K. Chesterton's "Magic" and George Bernard Shaw's "The Shewing Up of Blanco Posnet" will find Montgomery alternating roles in a frame work for his first American return engagement.

"Magic" is a romantic comedy set in the English countryside, replete with wonderment and suspense as a hired magician's bag of tricks proves deeper than suspected.

Shaw's "The Shewing Up of Blanco Posnet" is a real old-fashioned, trigger-flicking "hoss" opera, complete with chase, catch and near-lynching.

Julie Farnsworth co-directs the duo, with Peggie Campbell, Ralph Freud, Stuart Talcroft, Oliver Prickett, Sela Landon and William Grueneberg in top roles.

Beginners' Square Dance Classes Begin

With the slogan of "How to Hoedown in Eleven Easy Lessons," the Pasadena Recreation Department has launched a new beginners square dance class Thursday in the Cafetorium of Eugene Field School, 3600 Sierra Madre Blvd., East Pasadena.

The course has eleven weekly lessons and is open to any adult. Tonight's class will be the last time that registration can be made.

A modest tuition fee will be charged to help pay costs.

Fireworks Show Said To Be Biggest of All

This year's American Legion Fireworks Show at the Coliseum will be "the biggest one night's 4th of July display in the history of the country," show producer Harry Myers has announced.

Spectators at the 1953 Legion display will be the first in the country to witness the newest type "modernistic" fireworks, developed by Thearle Duffield.

Myers said the new fireworks are set off electrically. This eliminates possibility of "duds" from damp fuses, and makes possible the instantaneous firing of the entire end of the fireworks area, he stated.

C'MON IN . . . Lovely Shirley Buchanan, Queen of the Eighth Los Angeles Home Show, June 4-14, at Pan Pacific Auditorium, invites all kids—8 to 80—to view the "Little House for Little People," one of the features of the Home Building Exposition, largest in the world. The little house is specially equipped with prismatic glass windows that make the real people inside appear only two inches tall. The house was a big hit in its only previous United States showing at a Boston trade fair.

Scientists In Observatory's 'Moon Trip'

A preview of "Space Station to the Moon" was attended by scientists, members of the press, and representatives from several radio and television stations last Monday at the Griffith Park Observatory.

Presentations of the simulated lunar "trip" will be open to the public beginning Monday, June 1, to continue through Labor Day.

The space-travel planetarium programs have set all-time attendance records since the first "rocket-ship voyage" to the moon first was shown in 1948. In this summer's schedule, passengers in the observatory's "rocket-propelled craft" will take off on the simulated "trips" every day at 3, 8, and 9:15 p.m. Special 4:15 p.m. matinees also will be shown, beginning June 1.

The current show is "Northern Lights and Other Sky Colors," at 8:30 p.m. Wednesday through Sunday, with Saturday and Sunday matiness through May 31.

Crimes In Narcotics Lead All Felony Cases

Narcotic prosecutions continued to lead all felony cases in Los Angeles County in 1952, according to a statistical study released this month by District Attorney S. Ernest Roll.

From Jan. 1 to Dec. 31, 1179 narcotic felony cases were prosecuted by the District Attorney's Office, of which 676 were marijuana cases and 503 concerned heroin, opiates, cocaine and others, exclusive of marijuana.

This shows a slight decrease under the figures for 1951, when a total of 1323 narcotic felony cases were prosecuted, of which 849 were marijuana cases and 474 were heroin, opiates, cocaine and others, exclusive of marijuana.

Robert Newbery In "Operation Seajump"

Robert W. Newbery, boatswain's mate first class, USN, son of Mr. and Mrs. Robert Newbery, 435 E. Grandview, has been taking part in "Operation Seajump," a large scale amphibious training exercise off the coast of Southern California.

Newbery is aboard the attack cargo ship USS "Skagit." The exercise is designed as a means of improving the readiness of Naval and Marine forces of the Pacific Fleet, maintaining its men's proficiency in the use of combat tactics and special weapons.

Scanning the Sportscene

With Bob Brogger

The recent Coliseum Relays were so great that five Relay records were broken. Mal Whitfield just missed beating the world record in the 880 run by 4/10 second.

These were the new marks: **Mal Whitfield,** the veteran campaigner, ran 880 yards in 1:49:6.

Parry O'Brien hoisted the shot out 58 ft. 1 7/8 in.

Denis Johansson of Finland raced to a 4:08.6 victory in the mile.

J. W. Mashburn clipped a tenth of a second off the 440-yard mark when he was clocked in 46.8.

Bob Richards vaulted 15 ft. 9/16 in., his 46th trip over the bar at 15 feet or better.

There were some funny comments about the Marciano-Walcott fight. One that caught our ear was by Jack Benny: "Walcott thought the fight was going to be so sensational that he sat down to watch it."

New Officers Elected For Toastmasters

The new president of the Sierra Madre "Toastmasters Club" is John Powell, who succeeds Harry Eder. Other newly elected officers are:

Merwin Miller, who chose the subject, "A Positive Foreign Policy," was named the most improved speaker.

Also on the speakers' list were Bud Moffet, Bill Petit, and Bob Rusenast. Toastmaster for the evening was Hanz Gutherz.

The answers to everyday insurance problems *

By HARRY A. LANGE

QUESTION: Can you tell me what is meant by the "mysterious disappearance" clause in my Residence Theft policy?

ANSWER: It means that when some insured article is missing under circumstances that point logically to theft, the Insurance Company may pay the claim without insisting that the theft be actually proved.

If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

TRAVELING MILLERS SHIVER IN QUEBEC; BRUSH UP COLLEGE FRENCH VIA BOOK

(Editor's Note: The traveling Millers (J. Stadden, local dentist, and wife) write next from Quebec where they had a couple of days' stay before sailing April 25 for Europe where they will continue their travels. Dr. Miller tells of struggling with nasal French pronunciation and price haggling in preparation for "doing" Paris. Reading between the lines one suspects the Millers prefer California weather to Quebec's.)

Chateau Frontenac,
Quebec, Canada.
April 23, 1953

Hi: We are learning to speak French from a book. Quote: The letter "u" in French is very difficult for the Anglo-Saxon. It is best to learn it by imitating a Frenchman. End quote.

Very helpful!

From Book No. 2, quote: The nasal vowels, spelled in French, an, em, in, am, etc., if pronounced as spelled, and if uttered as much as possible thru the nose, will result in a sound that is very near the difficult French pronunciation.

A bit more helpful.

Continuing quote:—but it is important to note that the French 'r' should be gargled slightly.——!

I should live so long!

Discouraged, But . . .

Maybe we will find a kind, imitatable Frenchman on our boat who will help us out. In Haiti we asked different people to say "Heureux" for us and it came out at least five different ways. That's when we got discouraged and decided we might skip France altogether but since then have heard France touted so strongly we're going to have a go at it. Don't really believe I'll EVER be able to understand the language . . . couldn't in college, anyway.

Flew up here from New York via Montreal yesterday. Was nice down in New York, warm enough to get by without an overcoat. Sun shining most of the time, but it IS a dirty city and my coat looks as though I'd shoveled coal in it from the few times I wore it. Was raining here when we landed, runways covered with mud.

Boat Smaller Than Liz

We walked around a while this evening until our ears felt brittle. It gets cold HERE. Watched our boat sail up the St. Lawrence and, after seeing the Queen Elizabeth in New York, this little one-stacker struck us as being tugboat size although those "little toots" that worked the Q. E. out of her berth yesterday aren't small potatoes either when you see them up close.

Ran into a new one tonight. The airport limousine ends up in Quebec at the Chateau Frontenac and, having heard so much about the place, I pumped the driver a bit. He assured me it wouldn't be expensive at this time of year so I approached the clerk for a room with a double bed. "Well," says he, "just a moment and I'll see if we have one." (This is a French town?) He found one and, so saying, he handed me the pen with which to register. I had presence of mind enough to ask the rate which he said was $12 a day. I was being agreeably surprised for a moment when he came forth with: "I couldn't possibly do better than $10 a day."

I was so flabbergasted I signed in while still in a state of shock. Had expected to get in a bit of haggling in preparation for the continent.

Luxury at Frontenac

The room is beautifully appointed and only slightly larger than the living rooms in the Coronet tract houses. The "For Your Information" folder on the desk rapturizes about the four seasons in Quebec. I think, however, that right now is an in-between season and the less said about it the better. It's cold, drizzly, muddy, and all the trees and hedges look like dead sticks . . . no buds on anything yet. But of course the town IS quaint, the architecture very different and interesting but we can't understand much that is said to us except in the tourist traps.

. . . so for two days, until we sail, we live in luxury at the Frontenac and eat in the one-arm joint around the corner.

More later. —Miller

Arthritis Has Long History Of Neglect

ROY O. GILBERT, M.D.,
Los Angeles County Health Officer

Arthritis is one of the oldest diseases known to mankind. Skeletons of prehistoric man, as far back as can be traced, show evidence of rheumatism similar to some of the types found in human joints today by means of the X-ray. In spite of its venerable age, comparatively little is known about this condition; in fact, it is one of the most neglected of all human afflictions.

It is not just one disease. Arthritis is a term applied to a large group of rheumatic conditions affecting the various joints of the body and more than 70 per cent of all cases fall into two main groups: rheumatoid arthritis, a disease which affects the entire body producing inflammation of the joints, and osteoarthritis, a disease of the joints chiefly in older people.

Arthritic victims in the United States number approximately 8,000,000 or one out of every 20 Americans. The malady afflicts women more than men and attacks the poor more often than the rich. It is neither a disease of age nor yet of youth. Studies, made by the United States Public Health Service, show that about one-half of the cases occur among persons under 45 years of age, during the most productive period of life. Only 15 per cent of the cases were found in elderly people.

Owing to the disabling nature of rheumatoid arthritis the economic loss involved is tremendous, since more than 100,000,000 work days are lost each year. Much of this suffering and loss could be avoided if medical attention was sought when pain, swelling, or stiffness of the joints first appeared. If allowed to continue unchecked, crippling and deformity may result.

Once established there is no quick, easy road to recovery. Many drugs, and more recently hormones, have been tried with varying degrees of success. No drugs should ever be taken for this disease unless prescribed by the family physician. A properly balanced diet and adequate rest are needed by all persons who suffer from any form of arthritis and, in some instances, a mild, dry climate seems to be helpful.

Arthritis is rarely fatal but sometimes this fact is considered a doubtful blessing so great is the pain and mental depression that must be borne. Many times however, it can be cured or arrested if prompt or medical treatment is received. Quite definitely it is not a condition to neglect.

An excellent pamphlet on arthritis may be obtained by sending a card of request to the Los Angeles County Health Department, 241 North Figueroa street, Los Angeles 12.
